

## **A Collaborative Joint Certification Professional Certificate Designing Activity Driven Learning Principles and Concepts for Learning with Games**

**Synopsis** Unlock the secrets of transformative learning with our unique experiential workshop, "Designing Activity-Driven Learning: Principles and Concepts for Learning with Games." Immerse into cutting-edge principles and concepts that revolutionize learning through immersive and engaging games. Explore the dynamic intersection of theory and practice to craft activities that captivate and educate. This workshop is your gateway to mastering the art of activity-driven learning, enhancing your instructional design toolkit, and propelling your participants into a realm of enriched, game-based education. Join us on this journey of innovation and discover the power of interactive learning experiences.

### **Key Learning Outcomes**

- Demonstrate a comprehensive understanding of activity-driven learning as an experiential learning approach.
- Apply advanced principles in the design of authentic activity-driven learning experiences.
- Analyse the design and facilitation context to meet stakeholder requirements.
- Construct activity-driven learning modules using gamification techniques.
- Formulate a strategic facilitation plan aligned with specified purposes, outcomes, and objectives.
- Employ effective strategies for assessing and interpreting learners' reactions to the activity-driven learning.
- Utilize debriefing techniques to evaluate the depth of acquired skills.
- Articulate the process of engaging stakeholders in assessing the transfer of learning outcomes.

### **Key Benefits**

Advance your professional learning and development with our two-day experiential workshop on Activity-Driven Learning. Gain cutting-edge insights into the latest trends, master the art of designing engaging activity driven learning modules, and develop strategic facilitation plans aligned with stakeholder requirements.

Explore gamification techniques to enhance participant engagement and learn comprehensive evaluation strategies. This workshop ensures you stay at the forefront of L&D innovation, empowering you to create impactful and dynamic learning experiences.

## Delivery Method

The experiential workshop will utilize a combination of presentations, interactive discussions, case studies, role play and a Q&A session. Participants will actively engage in hands-on exercises to Design and Facilitate an Activity Driven Learning.

## Course Content

Coverage	Duration
<b>Unit 1: Cutting-Edge Knowledge Transfer:</b> Acquire in-depth insights into the latest trends and principles of Activity-Driven Learning (ADL). Understand how to leverage experiential learning to enhance knowledge retention and application, ensuring your L&D strategies remain at the forefront of innovation.	<b>3 Hours</b>
<b>Unit 2: Design Mastery for Engaging Learning Modules:</b> Unleash your creativity and design prowess by applying advanced principles to create authentic, engaging, and effective activity-driven learning modules. Elevate your skills in crafting learning experiences that resonate with diverse audiences, fostering increased participation and understanding.	<b>4 Hours</b>
<b>Unit 3: Strategic Facilitation Excellence:</b> Develop a facilitation plan tailored to your organizational goals. Learn how to align learning objectives with stakeholder requirements, ensuring your facilitation approach becomes a strategic tool for achieving superior learning outcomes.	<b>2 hours</b>
<b>Unit 4: Learning with Games for Enhanced Engagement:</b> Explore the world of gamification and discover how to integrate game elements effectively into your learning modules. Unlock strategies to boost participant motivation, increase engagement, and create a dynamic and interactive learning environment.	<b>4 hours</b>
<b>Unit 5: Comprehensive Evaluation Techniques:</b> Master the art of evaluating learning experiences comprehensively. From assessing learners' reactions to applying debriefing techniques and involving stakeholders in evaluating learning transfer, gain a holistic understanding of how to measure the impact and success of your L&D initiatives.	<b>1 Hour</b>

## Asian Master Facilitator

The workshop will be facilitated by seasoned professionals boasting over 75 years of collective experience in designing and facilitating activity-driven learning. Learn from industry experts and gain access to a wealth of learning opportunities. This will enable you to connect and develop alongside some of Asia's most accomplished and successful mentors, educators, and edupreneurs.

**Co-Founder Asian Trainers Bureau,  
Advisory Council, Singapore Training and  
Development Association (STADA)**

**Dr Tommy Tan.** Shaping the Future of Learning & Development. Tommy Tan possesses an impressive 26-year track record in Learning and Development (L&D). As an internationally accredited and certified L&D professional, he holds a distinguished position as an advisor and mentor to renowned L&D Associations and Establishments, reflecting his deep-rooted expertise in the field.

Tommy is celebrated as a preeminent Concept Innovator in L&D, a testament to his forward-thinking approach and groundbreaking contributions. With over two decades of experience, he continues to shape the future of Learning and Development, inspiring innovation and progress in the industry.

**DBA, MSc, BBus**

**MBus, BSc**

**Founder Community of Learning (Singapore),  
Advisory Council, Singapore Training and  
Development Association (STADA)**

**Mr Steven Koh.** A Pillar in Business and Edupreneurship. Steven Koh brings an impressive 30 years of experience in both business and edupreneurship to the forefront. His expertise extends beyond conventional boundaries as he serves as a mentor at the national level for educators, edupreneurs, CEOs, and businesses, exemplifying his extensive knowledge.

Steven's influence reverberates through his roles as an advisor and Fellow to well-established L&D establishments. However, his impact goes even further as a foremost Community Builder, fostering connections and collaborations that strengthen the industry. Steven Koh stands as a stalwart figure in the realms of business and edupreneurship, driving innovation and connectivity within the community.

**MBA**

**Founder and President, Asian Trainers Bureau,  
President, Singapore Training and Development  
Association (STADA)**

**Mr Roy Lai.** A Learning & Development Luminary. With an extensive 25-year journey in Learning and Development (L&D), Roy Lai is at the helm as the President of Learning Associations and Organizations. His remarkable expertise has earned him the esteemed title of Fellow among renowned international L&D establishments. Roy is the visionary mastermind behind multiple pioneering L&D frameworks and initiatives, marking him as a trailblazer in the field. His contributions have reshaped L&D practices, solidifying his role as a leading force in Learning and Development for a quarter of a century.

### Workshop Fee

<b>STADA Member :S\$1,800.00</b> Fee subject to 8% GST	<b>Non-STADA Member: S\$2,500 *</b> Fee subject to 8% GST
